

# NANO-S

## Water Disinfectant

### HOCl TABLETS WITH A DIFFERENCE

NANO-S is an innovative water disinfectant tablet combining the power of Hypochlorous Acid (HOCl) and Quantum-Dotted Nano Silver for superior purification.

### WHY CHOOSE NANO-S

**HIGHLY EFFECTIVE:** RELEASES HOCL, A POWERFUL DISINFECTANT NATURALLY PRODUCED BY THE HUMAN IMMUNE SYSTEM.

**LOW DOSE:** HIGH PERFORMANCE: MORE EFFECTIVE THAN BLEACH AT LOWER CONCENTRATIONS.

**PH NEUTRAL:** SAFER TO HANDLE WITH MINIMAL HEALTH RISKS COMPARED TO TRADITIONAL CHLORINE SOURCES.

**ENHANCED WITH NANO SILVER:** MILLIONS OF NANO-SIZED SILVER PARTICLES (450–530 NM) OFFER ADDITIONAL ANTIMICROBIAL ACTION – NON-TOXIC AND COMPLIANT WITH WHO, UNICEF, EPA & FAO STANDARDS.

### HOW TO USE NANO-S TABLETS

PLACE TABLET(S) IN 1L OR 2L VOLUME OF WATER TO ENSURE IT IS COMPLETELY DISSOLVED BEFORE ADDING TO THE BULK VOLUME OF WATER TO BE TREATED. ALLOW TABLET(S) TO DISSOLVE COMPLETELY BEFORE ADDING TO BULK WATER. ONCE ADDED, MIX WELL AND WAIT FOR 30 MINUTES FOR IT TO KILL ALL PATHOGENS IN THE WATER.

Tablet Type	Liters to be treated	Dosage (Tablets)	PPM (Parts per million)
1.25g NANO-S	25L	1 Tablet	4ppm
6g NANO-S	500L	1 Tablet	2-5ppm
	1 000L	2 Tablets	
	2 500L	5 Tablets	
35g NANO-S	5 000L	1 Tablet	2-5ppm
	10 000L	2 Tablets	

NANO-S IS SAFE FOR HUMAN CONSUMPTION AT 1-5PPM AFTER MIXING
